

Extensive Frost Damage Noted in Spud Area Tour

By G. H. CHAMBERS

Eastern Idaho potato fields have been seriously damaged by frost and yields will be sharply reduced this fall. There has been some damage to the Magic Valley crop, but it is not as extensive. Bingham county losses could total millions of sacks. This was determined Tuesday during a 400-mile tour of southern Idaho potato areas. "Many large Bingham county potato fields will not be harvested," said Jim Bryan, extension potato specialist, headquartered at Blackfoot, who went on the tour.

Bryan told the Times-News Tuesday some fields will produce good potatoes, but frost damage has been extensive in the nation's second largest producing area.

For several days reports have presented a conflicting picture of the Idaho spud situation. To discover the true picture, the Times-News sent its farm reporter out into the Magic Valley to inspect the potato fields.

Some of the major eastern Idaho potato fields have been hurt badly. In some regions one can drive miles and see nothing but black potato fields. In Bingham county, alone, more than 30,000 acres of potatoes have quit growing because of frost. Several thousand acres will not be dug in Bingham county.

And yet, one can drive from Idaho Falls down the interstate highway and see nothing but green potato fields. These green fields could lead some observers to believe the crop is not hurt.

On the tour, with the Times-News reporter, were Virgil Cross, extension potato specialist, Bureau of Plant Industry, and a local grower, John H. Bryan.

The tour began in Burley, then moved to Aberdeen, Pleasant Valley, West Rockford, Taber, Owyhee, Idaho Falls, Roberts, Blaine, Lewiston, Tuxburg, Teton, and ended in Blackfoot.

Greek Lifts Block; Turks Refuse Food

NICOSIA, Cyprus, Sept. 16 (UPI)—President Makarios yesterday lifted the Greek Cypriot economic blockade of Turkish Cypriot communities. But Turkish Cypriots at Kokkita refused to accept a nine-ton shipment of food from Makarios' government.

"We don't want it," an armed Greek Cypriot guard said when a United Nations-escorted convoy arrived at Kokkita. "Take it away."

Officers of the U. N. escort contacted Gen. Kodondenis Timotheou, commander of the U. N. peace-keeping force. A. U. N. spokesman said Timotheou ordered the food unloaded at the point where the convoy was stopped, and the convoy left it there.

The lifting of the blockade was part of a five-point plan for peace on Cyprus, Makarios said. The archbishop sent the plan Tuesday as an expression of "his earnest desire to have peace and normalcy restored," an announcement said.

S. C. Senator May Leave Demo Party

WASHINGTON, Sept. 16 (UPI)—Sen. Strom Thurmond of South Carolina will announce tonight he is leaving the Democratic ranks to become a Goldwater Republican.

The conservative senator's intention was reported by a source who would not permit attribution. The announcement is scheduled for a television speech which Thurmond plans to make in Columbia, S. C., at 6:15 p.m. (EST).

Thurmond himself declined comment on various earlier reports of his plan to make the shift, but he did say, "I hope to help establish a strong two-party system in the South."

He permitted advance quotations from an address he prepared for Thursday, introducing Sen. Barry Goldwater of Arizona, the GOP presidential nominee, at the Spartanburg-Greenville airport.

At the very outset of that speech, Thurmond charts his new position. "I am indeed happy to have the opportunity to present to you today the man whom I feel in my heart should have the support of all South Carolinians and Southerners, the man who has helped to bring about the freedom and stability which this great document was designed to preserve for all Americans of all generations."

Thurmond's announcement will not be Thurmond's first break with the Democratic party.

As the states rights candidate, he carried South Carolina, Louisiana, Alabama and Mississippi against the Democrats in the 1948 presidential campaign. And tonight, it was learned, he plans to accuse the Democrats of having abandoned the people, and to urge an evolution toward socialism.

Goldwater Denounces High Court

ST. PETERSBURG, Fla., Sept. 16 (UPI)—Goldwater presidential candidate Sen. Barry M. Goldwater denounced the high court in a speech yesterday, the U. S. supreme court is contributing to a nationwide breakdown of law and order.

The Arizona senator denounced the court "obnoxious concern for the rights of the criminal defendant" in a speech delivered last night.

The opening day of Goldwater's campaign swing through eight southern states featured repeated attacks on the high court and open wailing of disgruntled southern Democrats.

In Atlanta, admirers almost mobbed him several times during a motorcade. Police estimated 100,000 persons lined the streets and jammed into a park to hear him speak.

In Orlando on his way from Atlanta to St. Petersburg, Goldwater stopped briefly and drove to a shopping center, where he was mobbed and endless in a screaming rain before several thousand persons.

During his 15-minute address at Orlando, he denounced as "rightless" reports that he would close down defense installations.

Third Suspect Admits Inciting 3-Day Race Riot

PHILADELPHIA, Sept. 16 (UPI)—Florence Mobley, a 22-year-old typist, surrendered yesterday as the third suspect charged with inciting a three-day racial riot which caused 2.5 million dollars damage in a north Philadelphia area two weeks ago.

The woman gave herself up in the office of Dist. Atty. James C. Connelley, Jr., shortly after two black nationalists "extremists" were arrested on similar charges in the Aug. 29 week-end riot.

Witnesses at the hearing for Mobley, 34, and Rayburn, 36, testified the two came and shouted and screamed and downed while running on looters. Authorities arrested the two, arrested Mobley on a charge of inciting rioters by spreading false reports a pregnant woman would be beaten to death by police.

Investigators said Mobley was in a refrigerator in a room and encouraged bystanders to riot.

Grounds at Albion College Termed Most Deplorable by State Official

DOISE, Sept. 16 (UPI)—Condition of grounds of the Magic Valley Christian college, which was a state-owned campus at Albion, was described as "most deplorable" by State Land Commissioner O. J. Buxton.

Buxton made the statement in a report to members of the state land board, custodian of state-owned property.

The campus formerly was used by the Southern Idaho College of Education. It was leased to the Magic Valley Christian college after the state institution was discontinued.

Buxton said he was asked to inspect the campus by Gov. Robert E. Smylie, land board chairman, because of complaints the latter had received.

REVIEWING HONOR GUARD of Canadian and U. S. service men at Great Falls, Mont., Wednesday are President Lyndon B. Johnson and Canadian Prime Minister Lester B. Pearson. The President and Pearson were due to fly from Malmstrom air force base here to Blaine, Wash., where they will sign the Columbia river basin treaty. (AP wirephoto)

Push for House Medicare Vote Abandoned; Bill Faces "Burial"

WASHINGTON, Sept. 16 (UPI)—Supporters of the administration's program of health care for the aged yesterday abandoned their attempt to push it through the house this week. They conceded they did not have enough votes to win. Rep. Cecil King, D., Calif., co-sponsor with Sen. Clinton P. Anderson, D., N.M., of the controversial hospital care proposal, had hoped to get a vote on the issue in the house this Thursday. But he told the house rules committee he was dropping this plan because he and other supporters knew they did not have the necessary votes.

The house then voted to let a senate-house conference committee take up the proposal. It faces certain burial when the conference meets.

The house last July 23 passed a bill to increase social security benefits. The senate, on Sept. 3, passed this same bill and tucked it into the long-stalled health care proposal which never has gotten through the house ways and means committee.

This action meant that the senate and the house had to reconcile differences on the social security bill. Normal procedure is to send such a measure to a house-senate conference committee which seeks a version acceptable to both chambers.

Knowing that most of the conference involved in the social security bill are opposed to medical care, the health bill sought to bypass the conference and get a direct vote in the house on the senate amendment.

King went before the house rules committee yesterday to seek approval of this course, but gave up after admitting he was beginning to see "the facts of life."

King's announcement apparently closed the door on any possibility that congress would take any real action on health care this year.

The house still could vote on the issue when it acts on the final version of the social security bill as approved by the house-senate conference.

Water Plans Eyed For Arid Southwest

LAS VEGAS, Sept. 16 (UPI)—The arid Pacific Southwest needs long-range water development, which will include salt water conversion, Gov. Grant Sawyer of Nevada told the Western Interstate Water conference today. "There is an abundance of water available in the West, now wasting in the sea," Sawyer said in prepared remarks. "It needs only storage and transportation facilities to move it from areas of surplus to areas of deficiency." Sawyer's remarks were delivered by state conservation director Hugh Shamburger. The governor left yesterday to attend the signing of the Columbia river treaty in Blaine, Wash.

The lack of water in California, Arizona and Nevada provides the major barrier to an expanding economy, Sawyer said.

"In many areas in the West, as in the case here in Las Vegas valley, our economy is being maintained by the depletion of groundwater reserves," he said. "Great water supply projects already have been built in the West, but in nearly all cases they are only local in scope."

Sawyer pointed to the North-west-Southwest power initiative as an example of how Western states should work together to increase their water supplies in 15 to 20 years.

Research might be nearing a breakthrough toward providing coastal areas with a low-cost method of desalinating sea water, the governor said.

If a western regional water council is formed at the conference, he advised that it be. See WATER, Page 2, Column 3.

Killing Frost Hits Sections Of Northeast

By The Associated Press

Killing frosts blighted vegetation in sections of the Northeast today while temperatures shrank to record lows for the date in many cities.

Most of New York state was coated by frost that was believed to have damaged late fruit and vegetable crops.

The mercury dropped to 25 degrees in Montpelier, Vt., to 28 in Oneonta and Elmira, N. Y., and Peltion and Alpena, Mich., 27 in Concord, N. H., 26 in Portland, Me., and 25 in Pittsfield, Mass.

Many other communities had somewhat "higher" readings that established new lows for Sept. 16. Among them: the 46 in Boston and the 48 in New York City.

The widespread freeze occurred a week before the official advent of autumn on Sept. 23.

Reports of serious flooding came out of the Carrizo Springs area in southwestern Texas after cloudbursts had dumped up to 16 inches of rain.

Some communications left conditions unclear. But sheriff's police were reported manning boats in an effort to reach marooned residents.

Boycott Has No Effect on N.Y. Integration

NEW YORK, Sept. 16 (UPI)—The two-day white boycott of New York's public schools will have no effect on the integration program, says school Supt. Calvin E. Cross.

"We are going ahead with our plans without the slightest change," he said yesterday, second and final day of the demonstration against forced busing of pupils to improve racial balance in the schools.

Cross said the boycott would cost the school system about 1.8 million dollars in future state aid, which is computed on attendance figures.

Strike Deadline Is Set by UAW

DETROIT, Sept. 16 (UPI)—The United Auto Workers Union today set a strike deadline of 10 a.m. (EST) Friday at the Ford Motor company in new contract bargaining.

UAW President Walter P. Reuther announced the deadline just before entering the bargaining room.

Crewmen Saved

NEW YORK, Sept. 16 (UPI)—Working in heavy seas, the coast guard yesterday removed five crewmen and the chief engineer from the disabled U.S. freighter Globe Explorer in the Atlantic 350 miles southeast of here. The captain and two crewmen remained aboard.

President Makes Trip To Canada

EN ROUTE WITH PRESIDENT JOHNSON, Sept. 16 (UPI)—President Johnson made his first trip to foreign soil today since taking office. He flew to Canada to sign a Columbia river treaty symbolizing U. S. partnership with that nation. Joining Canadian Prime Minister Lester B. Pearson at Malmstrom air force base, near Great Falls, Johnson flew over the border of Montana, Washington and British Columbia which will benefit from the new pact. The President made the flight, culminating at Vancouver, B. C., a board Pearson's Royal Canadian air force "Jetstream" which is similar to the model Johnson frequently uses.

The President flew to Malmstrom air force base from Andrews air force base, about his Boeing 707 "Air Force One" transport.

Officially, the trip was labeled as non-political. But the President will wind up Thursday in California under the aegis of electoral votes in the second biggest plum of the election campaign.

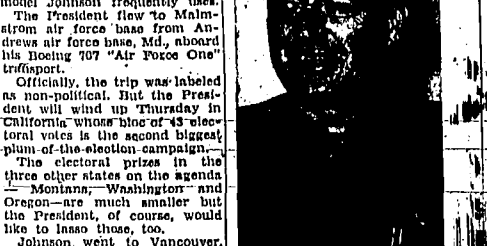

The electoral prizes in the three other states on the agenda—Montana, Washington and Oregon—are much smaller, but the President, of course, would like to know those, too.

Johnson went to Vancouver, British Columbia, to begin a 30-minute flight to the International Peace arch at Blaine, Wash., on the U. S.-Canadian border. A ceremony there will mark proclamation of the Columbia river treaty between the two nations.

"He will go back to Vancouver, to board his air force transport for a 35-minute flight to Seattle, where he will speak at a dinner sponsored by the local Chamber of Commerce and the area universities. He will remain overnight in Seattle."

Thursday, Johnson plans to fly to Portland, Ore., to address a breakfast sponsored by public and private power groups participating in an 11-state system tying together hydroelectric facilities of the Columbia and Colorado river basins.

From there, he will go to Sacramento to ride in a 70-block motorcade from the airport to the California capitol. He will make a speech from the Capitol steps, then attend a private lunch with Gov. Edmund G. (Pat) Brown.

LIEUT. DEAN BENNETT will succeed Lt. M. J. Bays, Jr. in Idaho state police district No. 4 at Twin Falls.

State Police Appoint New Chief in T. F.

Promotion of Sgt. Dean Bennett to second lieutenant to succeed Lt. M. J. Bays, Jr., as supervisor of Idaho state police district No. 4 at Twin Falls was announced Wednesday by the state police merit board.

Bennett's promotion becomes effective Oct. 1, and he will be in Twin Falls about that time to take over the position left by Bays, who is presently at Northwood on an automotive safety foundation fellowship.

Bennett started his police career Aug. 5, 1947, as a patrolman assigned to the Boise area. He was promoted to sergeant in 1951, to lieutenant in 1953, and to sergeant July 1, 1955, and has served at that capacity until the present promotion.

He served five years with the field artillery in the European theater during World War II. He is an active member of the Boise DPOE lodge No. 310 and an associate member of the Boise Chamber of Commerce.

Bennett is past president of the Idaho Peace Officers association and is presently on the board of directors.

Bennett is married and has two children, Dixie, 10, who attended Boise junior college last year, and Pamela, 16, who is a senior at Borah high school.

Aide Says Sales Tax Is Inevitable

BOISE, Sept. 16 (UPI)—Idaho's secretary of state predicted yesterday the state general fund will be nine million dollars in the red by Jan. 1. He said a sales tax is inevitable unless there is a dramatic increase in revenue.

Democrat Arnold Williams said the general fund may still be in the red at the end of the fiscal year June 30, 1965. He said it is possible the legislative session which starts next January may have to take emergency action to help the state balance its budget.

The sales tax might receive favorable attention in 1965 if the proper approach is taken, Williams said.

In 1963, the house passed a sales tax bill which would have imposed a three per cent tax keyed to reductions in property and income taxes. The measure, however, was beaten in the senate.

If the sales tax is passed, Williams said, there should be few exemptions. He suggested only fertilizer used by farmers and farm machinery be exempted.

Soviet Jet Violates Air Space

HAMBURG, Germany, Sept. 16 (UPI)—A supersonic Soviet jet fighter violated West German air-space today in the second such incident in two weeks, informed sources said.

They said the jet crossed the East-West German frontier near Dannenberg, Lower Saxony, at 5:45 a.m. local time (3:45 a.m. EDT), penetrated about 12 miles and returned without being challenged.

On Sept. 3, a Soviet jet fighter also crossed over the border and buzzed a West German aerial survey plane well inside the federal republic.

British jet fighters at that time chased the Soviet intruder back across the Iron curtain.

In the latest incident, the Soviet jet flew at nearly the speed of sound at an elevation of 30,000 feet, according to the source.

Castro, Cuban Exiles Blame Each Other for Shooting of Spanish Ship

HAVANA, Sept. 16 (UPI)—Cuban exiles and the Cuban government are blaming each other for the machine-gunning of the Spanish freighter Sierra Apizaco, which was killed and seven injured when two unidentified speedboats attacked the 1,000-ton ship Sunday night and set it afire off the eastern tip of Cuba.

A survivor said the boats swooped in moments after a speedboat approached the ship, turned on a spotlight on its name, and then roared away.

Havana radio said "there is reason to believe" that "pirates" financed by the U.S. central intelligence agency made the attack.

Two Cuban exile leaders—Manuel Artiles and Manolo Ray—denied their men were involved. Friends of Artiles in Panama said his organization believes the raid was carried out by Cuban agents to discredit the exile group.

Other exile sources had said earlier that Artiles' organization made the attack.

In Nassau, capital of the Bahamas, there was speculation the government circles that Castro gunboats may have fired on the Spanish ship. These circles suggested that Castro might want to create an incident he could exploit politically.

An anonymous telephone caller in Miami said the attack was the work of a secret organization and added: "This is the beginning of attacks on any ship that trades with Cuba."

The Bahamas was bringing textiles, toys, cork and shells from Spain to Havana.

U.S. Soldiers Think Germans Are Rude and Loud

Wednesday, Sept. 16, 1964
Twin Falls Times-News 3

BY PETER REHAK
FRANKFURT, Germany, Sept. 16 (U.P.)—Pick a young soldier from among the 250,000 U.S. troops stationed in Germany and ask him what he thinks of Germans. He will reply that they are rude and loud, drive their cars too fast and try to cheat Americans out of their last penny.

A German civilian's assessment of a GI will tend to be equally uncomplimentary. Officially this comes under the heading of German-American relations and officially there is no problem. The policies of both countries call for friendly contact between civilians and GIs.

Usually the GI and the German come in contact only with the other's worst side. Add language difficulties and differences in custom and you end up with a problem.

A soldier recently wrote a long letter to an American newspaper complaining about German rudeness and disrespect toward GIs. He said:

"When I have a guest in my house I try to treat him with a certain consideration—as I expect him to treat me—but I'll be damned if it can be all one-sided."

On the same day, a German newspaper columnist enumerated fruitless attempts by one resident to get introduced to an American family with whom he could meet socially.

"Why doesn't the guy just walk up to a serviceman on the street and ask him to his home for supper?" asked a GI writer.

On the same day, a German newspaper columnist enumerated fruitless attempts by one resident to get introduced to an American family with whom he could meet socially.

On the same day, a German newspaper columnist enumerated fruitless attempts by one resident to get introduced to an American family with whom he could meet socially.

"Why doesn't the guy just walk up to a serviceman on the street and ask him to his home for supper?" asked a GI writer.

On the same day, a German newspaper columnist enumerated fruitless attempts by one resident to get introduced to an American family with whom he could meet socially.

What? Without an introduction? countered a German. As a result of the column the German was invited to an American social function.

Most soldiers and dependents live in a world of their own. When the army that marched in to the war-shattered country, it brought everything it needed for

daily survival. U.S. living areas were surrounded by barbed wire and official police forbade fraternization.

Most of the living quarters are still around. The barbed wire is gone but a self-sufficient American community remains separate from the German one.

There's always the young bachelor who seeks amusement off the base. Often he'll head for a

tavern where the barmen and the girls are ready for him.

Since draft ages range in age from 18 to 35, the young man is probably ill-equipped to cope with a smoothly running club joint. That a German would get eloped here too is a small consolation.

Even worse off is the married soldier who is not eligible to

house his family in government quarters. If he brings them overseas, he has to find a place to live in German areas.

He runs into a soldier's market. Paraphernalia with short-term leases are scarce in Europe. Landlords charge what the traffic will bear.

The accommodation the GI gets probably is inferior to what

he had at home but he pays more for it. He finds little consolation in the fact that the situation near army bases within the United States is similar.

12-Year-Old Girl Passes College Tests

BOULDER, Colo., Sept. 16 (U.P.)—A 12-year-old girl whose father taught her trigonometry at the age of 5 has passed entrance examinations for the University of Colorado.

All her schooling until this summer was given her at home by her parents.

"Essentially," an official said of the girl, Sandra Louise Sanborn, "the tests showed that at the present time she has the capacity for getting 'A' and 'B' grades in competition with today's freshmen."

But university officials said Sandra, because of her age and lack of classroom experience, would be up against "unrealistic" competition if she entered. The girl's parents, Mr. and Mrs. Robert Sanborn, have arranged for her to enter a Catholic high school, St. Gertrude academy, as a freshman.

The couple got permission from the Colorado department of education to give Sandra her schooling at home if they could keep her on a level with her contemporaries in schools.

But a new state law requires the girl to attend school.

Mr. and Mrs. Sanborn have tried unsuccessfully to open a school for orphans. Sandra's father is an electrical engineer, her mother a teacher employed in the Slavic language department at the university.

"I wasn't fully in agreement when Bob began to teach her trigonometry at 5," Mrs. Sanborn said. "But he said she might as well be learning that as something that didn't mean anything."

Sweeteners Are Studied by FDA

WASHINGTON, Sept. 16 (U.P.)—The food and drug administration (FDA) is studying whether artificial sweeteners might be detrimental to health.

Deputy FDA Commissioner John L. Harvey said yesterday the study was prompted by an increase in the use of sugar substitutes, particularly in carbonated beverages.

Chief sugar substitutes are saccharin and cyclamate. Due in large part to the popularity of low-calorie soft drinks, artificially sweetened foods and drinks are being widely consumed.

The FDA has considered in the past that moderate use of artificial sweeteners and artificial sweetened foods generally was safe.

Reception Set

RICHFIELD, Sept. 16 (U.P.)—The PTA teacher's reception will be held at 8 p.m. Thursday at the high school. Richfield's 10 faculty members will be honored by the PTA and parents will be given an opportunity to meet them. A program will be given and refreshments served in the home economics room by high school room parents. All parents and interested persons are welcome.

WHIRLIGIG

BY ANDREW TULLY
WASHINGTON, Sept. 16—It is too bloody likely that some criminal lunatic will take a shot at either President Johnson or Barry Goldwater this year, and yet congress has refused to do anything about regulating the sale of deadly weapons.

That is to say, the national firearms bill sponsored by Sen. Thomas J. Dodd, D., Conn., is as dead as Abraham Lincoln and the other presidents who have been assassinated in this gun-loving country. There is some muttering in the senate committee about getting around it, but this is a stiff and non-negotiable political legislation to handle.

NO LOVE LOST—Practically everybody agrees that at the end of this campaign will have been the bitterest since the Al Smith-Henry Ford election. One must not neglect the handling-out of this and the other two leading candidates. This one could be worse, because there is a lunatic fringe on both sides—the more radical John Birchites in the Goldwater camp and the "civil rights" looters in Johnson's.

And yet nothing has been done to prevent one of these idiots from buying a gun, slitting his own throat, and then murdering a candidate for President. As Dodd told the American Bar Association recently, the firearms bill is a "big" technique in quietly interfering the bill. "The technique in quietly interfering the bill," he said, "is to make it so difficult to pass that it would infringe the constitutional right of the citizenry to bear arms."

LIMITATIONS OF BILL—This is a dangerous malarkey. They bill would merely prohibit the interstate shipment of guns to juveniles and convicted felons. It would not make it illegal to sell a gun to a juvenile or a convicted felon. It would be subject to review by local police before the sale became final. Presumably, a dope addict or a juvenile delinquent or a hit-and-run mugger could still purchase a machine gun at his friendly neighborhood gun store.

Calling upon the second amendment to support this crazy situation would be laughable if it were not so tragic. The second amendment is based on the need—especially pressing in the early days of the republic—for the maintenance of an efficient militia. But as Judge George Edwards of the sixth circuit noted, "handguns suitable for concealment are basically the weapons of the assassin, not of the militia."

ONE REALIST—Yet in all this howl, there has been one gleam of light. That has been the attitude of "Practical" Secretary of the National Rifle Association, which generally opposes the bill. Orin has worked with Dodd's juvenile delinquency subcommittee to hammer out a bill, and has even backed the inclusion of rifles in the legislation. This has put Orin in the doghouse with many gun associations, but he has had the guts to stand his ground.

Perhaps Orin's attitude is an omen of a new sanity emerging on this subject. Perhaps something will be done about this problem next year. Meanwhile, the citizen can only hope that both candidates survive the campaign to take part in the debate on the subject.

Views of Others

IT IS easy to understand the apprehension of Gooding county's two state legislators concerning reapportionment of Idaho's legislature. If the legislature were based more closely on population, Gooding is one of the counties which would lose much of its present power in the state senate.

For example, Gooding county Sen. Don Fredrickson represents 9,544 people in the state senate. Bannock county Sen. Perry Swisher represents 49,342. Another way of saying it is that each Gooding county resident's vote is worth, in effect, more than twice as much as each Bannock county resident's vote in the senate. These are not the extremes under the present apportionment; a much more startling picture is presented by comparing Clark county's 918 population with Ada county's 93,600—each with one senator.

Perhaps it is "human nature" for a person to cling to a system which gives him a big advantage. So when Senator Fredrickson and Gooding county Rep. Vernon Ravenscroft complain as they did that the move to force reapportionment is a "power grab" it may be a natural reaction.

But the reasons the two legislators give for their tirade against these pushing for reapportionment apparently is based on a logic which is not so easy to understand. In a statement to the legislature, Fredrickson said that the reapportionment shows "an unwillingness to let the legislature handle its own problems." They also said the reapportionment is "a desperate desire to force action" before congress takes away power of the federal courts to take the reapportionment off the state legislatures. And Fredrickson, who suggested that Idaho defy the supreme court ruling of "one man, one vote," said in the statement that if congress fails to act to nullify the supreme court ruling, "I imagine something would be done to take away the power of the state legislatures. And Fredrickson, who suggested that Idaho defy the supreme court ruling of "one man, one vote," said in the statement that if congress fails to act to nullify the supreme court ruling, "I imagine something would be done to take away the power of the state legislatures. And Fredrickson, who suggested that Idaho defy the supreme court ruling of "one man, one vote," said in the statement that if congress fails to act to nullify the supreme court ruling, "I imagine something would be done to take away the power of the state legislatures."

THE question of site will be raised time and again before Nov. 3, but the Committee of 25, which has been working for the college district, has wisely avoided the subject. The committee represents all communities in Twin Falls county and has pointed out college location is properly a matter for later discussion by the first college board. That first board will be appointed by the state board of education. It's not a matter of ducking a hot question—it's just that the Committee of 25 believes it's more important for all of Twin Falls county to work toward a common goal, a junior college district.

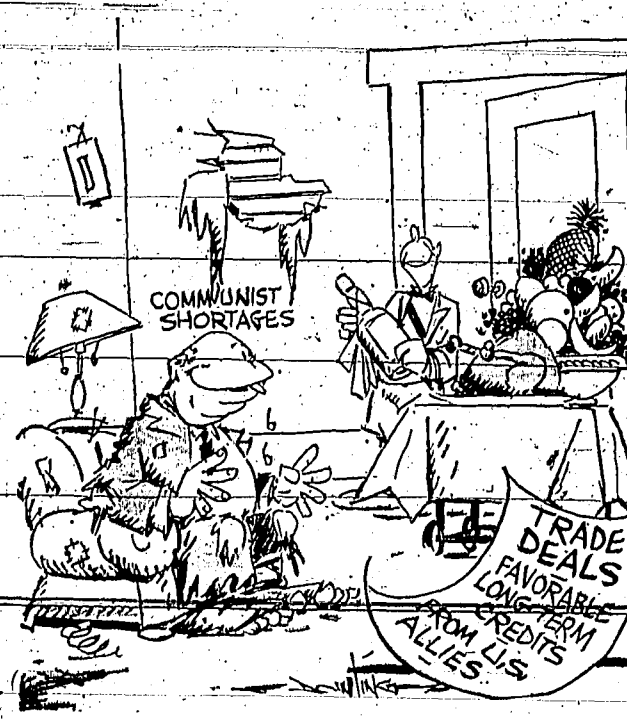

INasmuch as the state board of education has proposed its own junior college plan, Twin Falls county would do well to get in on the ground floor with resounding approval of a junior college district in the Nov. 3 election. Residents of the county who vote in favor of the junior college district will vote for education, progress, a brighter future and a little better life for everyone in the county.

In the recent words of Gov. Robert E. Smylie, "Data a little more, do a little more, work together a little more closely. . . . The need is here, the time is now."

POT SHOTS

FINE PEOPLE
An Oregon couple departed from Twin Falls Monday thinking Idaho young drivers are among the world's best.

A Mr. and Mrs. McNeal had fuel pump failure on their automobile at 11 p.m. Sunday, south of Twin Falls.

Four young Magic Valley youths stopped and offered the couple back to Twin Falls, found them accommodations for the evening, brought the stalled automobile in for repair and refused any payment for services rendered.

I. Know (Twin Falls)

NO REASON TO WORRY

Dear Pots:
There are only two things to worry about—either you are well or you are sick.

If you are well, then there's nothing to worry about. But if you are sick, there are two things to worry about—either you will get well or you will die.

If you get well there is nothing to worry about. If you die there are only two things to worry about—either you will go to Heaven or Hell.

If you go to Heaven there is nothing to worry about. But if you go to Hell you'll be so damned busy shaking hands with devils you won't have time to worry.

ROOM TO IMPROVE

Manufacturers of ballpoint pens have just about eliminated the old-fashioned fountain pen and greatly reduced the number of pencils in use today. They make a variety of claims for their versatile product.

Some of those claims include that ballpoint pens won't blot your pocket in an airplane at high altitude, and last, but far from least, will write underwater.

Pot Shots has discovered a serious shortcoming in ballpoint pens. Just get yourself a clipboard, put a piece of paper on it, lie flat on your back and try to write. See? They just won't write upside down, will they?

All it would take to correct this little matter is to have the ink in a ballpoint under slight pressure. Let the ballpoint pen manufacturer take it from there.

FAMOUS LAST LINE

GENTLEMAN IN THE FOURTH ROW

Religion in America

By LOUIS CASSELS
United Press International
St. Peter's square in Rome was swarming last week with colorful garbed cardinals, patriarchs, abbots, archbishops and bishops—more than 2,500 of them, from every corner of the world.

They had assembled at the Vatican for the third time in three years, to continue the historic celebration of the Ecumenical Council.

Pope Paul VI formally opened the third session with a "state of the church" address to the council fathers. No closing date has been set, but it is generally anticipated that the session will end in late November.

There was some talk earlier that this might be the last session of the council, but it now appears that at least one more will be necessary to clean up the pending business.

Thirteen major documents are still on the agenda for council action. Top priority at this session will be given to decrees defining the powers of bishops and the way in which they share with the Pope in the government of the whole church; and to declarations on religious liberty; anti-Semitism and Christianity. If time permits, the fathers will take up controversial documents on divine revelation and how it is communicated through the Bible and the traditions of the church. And they may get around to debating a statement on "the church and the modern world" which deals with birth control, communism and other contemporary issues.

Interpreting the News

By JAMES MARLOW
WASHINGTON, Sept. 16—President Johnson's administration is in no double damage if the struggle against communism in South-Viet Nam now collapses into civil war or chaos.

Only last week, Gen. Lam Van Phat, a Roman Catholic, and other officers marched into Saigon with their troops and announced seizure of the government. This was only a symptom of the almost total collapse of the South Vietnamese government.

The South Vietnamese are split by Catholic-Buddhist factions and the disputes and ambitions of generals. They lack the unity and general will necessary to solve their marmalade problem: Victory over the Reds.

The history of the past 10 months has been one of steady deterioration.

Last Nov. 1 President Ngo Dinh Diem, a Catholic, was killed when a military junta took over after his bitter quarrels with the Buddhists. This lasted until Jan. 30.

Then Maj. Gen. Khanh, in another coup, threw out the junta. He survived until Aug. 7 when, like Diem, he tried to establish a dictatorship. Though Khanh was a Buddhist, and fought Catholics in the streets.

In the midst of this upheaval, Khanh was kidnapped, but only temporarily, and returned Sept. 5. He bowed to Buddhist demands, bought some of his top officers, including Catholics like General Pham.

Each time this country quickly recognized the new masters or masters, until Sunday, when he was stuck by Khanh. As of now he's back again.

If there's no civil war until after the American elections, Johnson may then feel he can move more freely in handling Viet Nam than he does now.

TAYLOR'S VIEWS ON WORLD NEWS

BY HENRY J. TAYLOR
Ford Motor company chief Henry Ford II is whooping it up for the party in power in roles as conspicuous as he can manage to make them. This hardly qualifies Ford as the brightest man in town. Or a lot of other industrial Pat Cals, either.

Many burned their fingers on the Republican party, and here they go again.

Mr. Ford's surprise, which really belongs to Henry J. Taylor shareholders and not to him, sells the government billions of dollars (taxpayers' money) in defense orders. Moreover, the delicacy of his position is especially glaring. Cynics are sure to suggest he played the Republican side of the buying street during the Democratic administration.

Further, Defense Secretary Robert S. McNamara is Mr. Ford's own protégé, recommended for this post by Ford himself. He is a former president of the Ford company.

Certainly, Mr. Ford's personal political views and actions are his own affair, and I say hurrah for anybody who takes a stand in politics on either side. But when Mr. Ford throws his weight around with his corporate identity, his activities must inevitably invite suspicion.

And thus Mr. Ford's political performance is downright stupid.

Movie stars are not the only ones who sometimes lose their heads. It's easy for some leading tycoons to take a stand in politics on either side. But when Mr. Ford throws his weight around with his corporate identity, his activities must inevitably invite suspicion.

There was even a large, plush, white chair in the room (room A), officially called the President's club. Membership consisted of those who had paid \$1,000 to President Johnson or \$500 to President Kennedy. It was a room where the guard-infested layout of the bar was lined by aircraft manufacturers, some shipbuilders and other suppliers, and for one moment this cash-on-the-barrel commercialism of the Presidency of the United States a mighty unhealthy practice and disturbing sight. "The Pat Cal's den," it was dubbed by newspapermen.

Business as a whole treats government contracts as a public trust and the billions in corporate taxes sustain America mightily. But it hasn't been too long since the public's doghouse. If Ford and such suppliers lay awake a hundred nights they couldn't think up a better way to shove it back in them by wanting a partisan political role.

The Doctor Says

By WAYNE G. BRANDSTADT, M.D.
Since about 12 million persons in this country have some form of arthritis, with about 700 new cases being diagnosed each day, it is not surprising that many questions about this disease come my way.

Arthritis is often a severely painful and crippling disease, but it is disheartening to note that so many of its victims fail to get any relief from the pain.

One word of remedy that has quite a vogue is sea water. Although claims are made that sea water supplies a great variety of minerals, arthritis "has" never been shown to be due to a deficiency of any of these chemicals. In fact, the only mineral deficiencies known to man are the iodine deficiency that causes a type of goiter and the iron deficiency that causes a type of anemia.

Meanwhile, those persons who take too much concentrated sea water often become waterlogged, especially if they also have a heart or kidney disease.

Another word of remedy that is recommended is alfalfa tablets. Although alfalfa is fine for livestock, it is of no value for human beings with arthritis or any other ailment. The promoters of alfalfa tablets claim that alfalfa tablets dried alfalfa in each tablet they added three grains of aspirin. Guess which ingredient does the most good for your arthritis?

So, if you have arthritis, consult your doctor. He will advise you of the best treatment that is of distinct benefit to arthritis.

Don't buy any product that guarantees a cure. Much can be done to control the pain and the progress of arthritis but there is no cure.

Remember, too, that the symptoms of this disease will come and go with changes in the weather and other conditions. If they clear up in a few days after you start to take sea water, you are having a false remission. The unpleasant surprise comes when the symptoms return and the sea water doesn't touch them.

Finally, you should avail yourself of the fine educational material obtained through the Arthritis Foundation, 10 Columbus Circle, New York, N.Y. 10010.

Oswald Jacoby, Bridge

LOSER PROBLEM
MET BY SOUTH
South really licked his chops in gle when he heard East's two diamond bid. He almost thought it was a double, then he remembered that East was North. Surely didn't have five spades and probably didn't have

ding marked West with a singleton diamond. The "count of losers showed two spades and three diamonds. If he could win the ace of spades and ruff a diamond, he would have 10 tricks. "If I could have 10 tricks, I could lead the eight of trumps to dummy's nine. This would leave no opportunity to ruff a diamond and South abandoned that idea.

Then he found the winning play. He led a low diamond, won— and returned a trump. South was sure to have 10 tricks. Then he discarded a spade on the ace of clubs, ruffed a club to get back to his hand, drew trumps and claimed his contract.

CARD SENSE

Q—The bidding has been: West—North—East—South: 1♥—Pass—1NT—2♠—Pass—Pass—Pass—Opening lead—4♣.

What do you do?

A—Bid four spades. If your partner cannot make 4♠, the chances are that you would have made four hearts.

TODAY'S QUESTION

West passes your three-club bid and you raise to four clubs. What do you do now?

Answer: Next time.

Cyprus Crisis Casts Shadow On Wedding

ATHENS, Sept. 16 (AP)—The Cyprus crisis today cast a shadow over the wedding of King Constantine to Princess Anne-Marie of Denmark.

Constantine, 24, and Anne-Marie, 15, will be married on Friday.

Greeks and one of the largest assemblages of visiting royalty since World War II have been celebrating the occasion for a week.

Princess Anne-Marie, the daughter of President Johnson, arrived in Athens Monday to attend the wedding. She went to the wedding on Friday, sightseeing on the way.

President Constantine of Cyprus, the only non-royal chief of state attending the wedding, was expected to arrive today.

In this connection, the Athens newspaper Measivrine yesterday called U. S. representation in Athens "poor" compared to that of the British government.

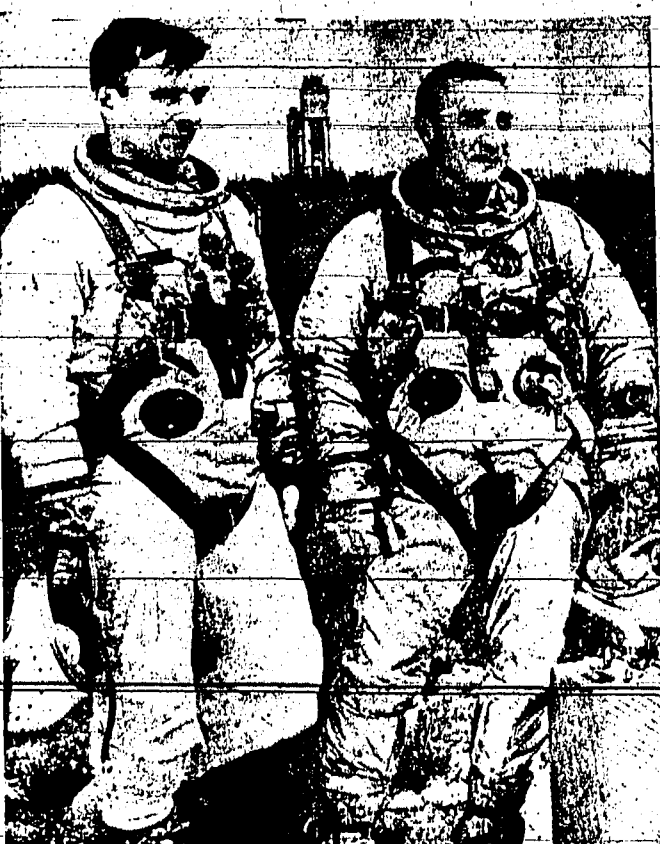

Prince Philip of Britain piloted his own plane into Greece, bringing his son and Queen Elizabeth's two oldest children, Prince Charles and Princess Anne. The British youngsters will serve as attendants at the wedding.

Measivrine said Miss Johnson's presence was a "gesture of familiarity" on the part of the U. S. President.

But it said "the family of the American President never represents the American people and in this connection the omission is felt."

Officials close to the American embassy attribute the poor appearance of the American delegation to the heat of the Cyprus crisis.

The United States has been criticized both in Greece and Turkey for its role in trying to solve the Cyprus dispute.

WHAT BEST-DRESSED Gemini-space pilots will wear is displayed by Astronauts John W. Young, left, and Virgil I. "Gus" Grissom Tuesday at a news conference. The protective suits which do not have the familiar silver covering of earlier suits, Grissom said the silver flaked off. The new design is made of high temperature white nylon that looks like canvas. Grissom and Young will make the first Gemini flight early next year. (AP wirephoto)

Monorail in Japan May Be Longest

TOKYO, Sept. 16 (AP)—A white-robed Shinto priest today blessed Tokyo's new 65-mile-an-hour monorail, which opens Thursday in good time for the Tokyo Olympics Oct. 10-24.

The Japanese believe the nine-mile monorail is the world's longest. Carrying up to 500 passengers, it will permit tourists, arriving by air for the Olympics, to reach downtown Tokyo within 10 minutes.

Until today, the trip usually took more than an hour through the congested traffic of this world's largest city—Population 10,000,000 as of Aug. 1.

The monorail cost \$4.4 million dollars. It is one of many projects aimed to complete for the Olympics. Value of all such projects, including new subways and express highways, totals 3.5 billion dollars.

This figure is less incredible when it is realized that Tokyo had no new facilities, Olympics or not.

The monorail is being operated by a private company. It was built by Hitachi, Japan's biggest electrical manufacturer, under license from the Alweg company of West Germany.

The line is supported by pylons. It runs along a new expressway built over Tokyo. Construction began 17 months ago and was completed last month.

School District Faces Crisis as Family Moves

HALF MOON BAY, Calif., Sept. 16 (AP)—The Tunis school district faces a crisis today because Mrs. Beverly Brown of Matine's Beach moved away with her four school-age children.

Departure of the Brown family left just five pupils in this San Francisco peninsula district's one-room school house.

Under state law, a school district must maintain an average of at least 5.5 students and unless Tunis can pick up one by the end of the year, it may have to close.

A unification election Dec. 15 may make the whole problem academic, however. It would join Tunis with the Monterey and Carmel districts.

Californian, 72, Tells How He Battled With Marlin

SAN DIEGO, Sept. 16 (AP)—Remember Ernest Hemingway's "The Old Man and the Sea"? Well, 72-year-old Harley L. Bonham today was telling this one about himself to his fishing cronies.

Bonham, it seems, spent 17½ hours on board the cabin cruiser Bonnie Lee II battling a marlin which he estimated weighed 160 pounds.

The duel between man and fish began at 4 p.m., PDT Monday when Bonham hooked the marlin on a 12-pound test ducer line while the boat was about 8 miles offshore.

After five hours on the line, the marlin rammed the side of the 36-foot boat and smashed the tip of his bill, Bonham said. The 6-foot-11, 180-pound fisherman struggled through the night against his adversary. Bonham sat in a deck chair with a spotlight pinpointing the fish.

At 9:30 a.m., PDT, Tuesday the line snapped and Bonham's

Scoreboard

GLENN'S FEIRY, Sept. 16 — The Glenn Perry high school GP club is underwriting a campaign to purchase a scoreboard for the football games at the local park, and is soliciting community help.

The price of the scoreboard will be approximately \$400, of which the Fourth of July committee has pledged the money they raised this year. This will still leave approximately \$300 needed to make the purchase.

Donations will be welcome from any interested person.

Dietrich Reports Teachers Event

DIETRICH, Sept. 16—A large group of people attended the annual teachers reception held Friday at the school cafeteria.

Supt. Ray Briggs introduced the grade school teachers who are Mrs. LaVina O'Donnell, first and second; Mrs. Charlotte Jernigan, third and fourth; Mrs. Edna Winkler, fifth and sixth; and Mr. V. C. Ross, seventh and eighth.

Principal Don Cheneyworth, who teaches the commercial subjects, introduced the high school teachers, Willis McClain, foreign language and mathematics; Ron Boyer, social science and coach; Chet McGuire, science; Robert Vaden, English and journalism.

Mrs. Winkler sang a solo accompanied by her husband, the Rev. Paul Winkler. A mixer game was played by everyone.

Cookies and boutonnières for the teachers were made by Mrs. Ernest Reynolds and Mrs. Bert Lauer. Refreshments were served.

Cancer Grant Is Given to Utah College

SALT LAKE CITY, Sept. 16 (AP)—Grants totaling \$350,000 have been awarded the University of Utah college of medicine by the American Cancer Society to aid in building the Eleanor Roosevelt Cancer Research Institute.

The first \$150,000 installment was presented to Dr. Kenneth B. Casterton, college dean, by officials of the national society.

The Eleanor Roosevelt Cancer Foundation, Inc., an affiliate of the American Cancer society, will present the second \$150,000 installment in December and the final \$50,000 in March.

"This represents one of the largest grants to an institution for a specific project and will be used for construction and outfitting the research extension of the university's medical center."

The check was presented by Dr. Wendell G. Scott, president of the society and professor of clinical radiology at Washington University school of medicine, St. Louis, Mo., and by Lane W. Adams, former Salt Lake banker, now executive vice president of the society.

Shoshone Parade Planned Friday

SHOSHONE, Sept. 16—A homecoming parade will be held at 2 p.m. Friday through the city streets ending at the football field.

All of the high school classes and organizations are preparing floats for the parade.

Preliminary costumes for the initiation will be judged at the football field after the parade arrives there.

The homecoming game will be at 8 p.m. Friday with Kimberly. A queen and attendants will be selected during the game and a dance held at the Lincoln school auditorium after the dance.

Wins Chest

GOODING, Sept. 16 — Mrs. Joe Pace won the treasure chest gift at the meeting of the KICIC Popa club held Monday evening at the home of Mrs. Half Jack.

Members reported seven pounds lost. Two guests attended. The next meeting will be held on Tuesday, instead of Monday.

Postponed

NUH, Sept. 16 — Green client day observance, an annual event sponsored by the Bull Chamber of Commerce commemorating the seasonal corn-hack operations at the local plant, originally announced for Saturday, has been postponed until Oct. 3, it was announced today by William Fisher, chairman of the merchants committee.

6 Drowned When Bus Plunges Into Florida Canal

PORT PIERCE, Fla., Sept. 16 (AP)—Six and possibly more farm laborers drowned today when a bus carrying them to work plunged into an 18-foot-deep canal southwest of here and disappeared beneath the water.

Six bodies were recovered and a deputy at the scene said: "There may be more. Nobody got out."

Divers from the sheriff and fire departments continued the search.

The driver of the bus was believed to be Percy Pinkney, Port Pierce. The bus was bound for the O. J. Peacock ranch where the men were employed.

The reason for the wreck, in a remote area, was not learned immediately.

New York Magazine Has 3 Libel Suits

BIRMINGHAM, Ala., Sept. 16 (AP)—Trial of three libel suits totaling 12 million dollars began today against the New York Times in federal court here.

The suits were brought by three former Birmingham city officials—Eugene (Bull) Connor, ex-police commissioner; J. T. "Jabba" Waggoner, former commissioner; and ex-mayor James Morgan.

Each sued for \$400,000.

The former officials said Times reporter Harrison Salisbury—now assistant managing editor of the newspaper—wrote two articles with intent to defame them. The articles were called "Fear and Hatred Grip Birmingham" and "The Emotional Dynamic of Racism Is Enforced by Violence."

Northside Units Meet Thursday

HAZLETON, Sept. 16 — Plans to attend the 86th annual session of the Idaho state Grange convention, Oct. 27-30, in Boise, will be made by the north side Granges Thursday at the Frontier Grange hall in Hazelton.

All meetings of the convention will be held at the El Koré temple, 12th and Idaho streets. Delegates will be elected Oct. 28.

At the north side meeting delegates will be elected to attend the Boise meeting.

Officers of the Northside Pacific Grange will be elected at this time, according to Henry Steinmetz, Grange master.

BIG DIXIE TURNOUT is for Sen. and Mrs. Harry Goldwater in Winston-Salem, N. C., Tuesday. Here they wave from a second floor balcony just before he spoke to several thousand cheering persons. The appearance was the first in the South for the Republican candidate for president. Goldwater spoke in Miami, Fla., Wednesday. (AP wirephoto)

Police "Crackdown" Catches 60 Speeders in Two Weeks

Twin Falls city police have varied cracking down on speed violators, according to Police Judge Dale Adamson. He stated Tuesday about 60 persons have been caught in the last two weeks for speeding. Twenty-two violators were caught over the week-end and there are many citations that have not been paid, Judge Adamson said.

He said, "The police department meant what they said—a couple of weeks ago about cracking down on the traffic." Caught over the week-end were Robert H. Esquivel, 450 Myer avenue, Steven L. Thorson, 17, 277-Pierce, and Robert D. Jackson, 23, route 3, Twin Falls, each fined \$10 and assigned three violation points.

Larry W. Mize, 21, Duhi, and William D. Beck, 29, 1708 Harmon Park avenue, both fined \$11 and assigned three violation points. Caught over the week-end were Robert H. Esquivel, 450 Myer avenue, Steven L. Thorson, 17, 277-Pierce, and Robert D. Jackson, 23, route 3, Twin Falls, each fined \$10 and assigned three violation points.

George J. Gardner, 86, 2108 Crestwood drive; Ronald K. Harnay, 17, Kimberly; Gary R. Asendrup, 20, Pier; Charles H. Cook, 30, Duhi; Carl H. Schell, 30, 128-Martin street; George Gracia, 19, Hazelton, and Walter J. Rodabaugh, 23, 171 Wiseman, each fined \$10 and assigned three violation points.

Gary Dee Howland, 17, Highway trailer court, and John R. Nittsen, 159 Ninth avenue east, each fined \$13 and assigned three violation points, and Roger D. Paulsen, 17, 1808 Second avenue east, and Carol J. Anderson, 20, 1616 Third avenue east, each fined \$10 and assigned three violation points.

Death Takes Mrs. Ball, 47

JEROME, Sept. 16—Mrs. Dorothy Eva Ball, 47, 227 West Avenue F, died Tuesday in St. Benedict's hospital where she had been a patient for three weeks. She was born June 12, 1917, at Leon, Ia., and moved with her family to Kansas where she was married to Wesley Ball Sept. 19, 1935, at Winfield, Kan. Later that year they moved to Jerome where she had resided since.

Mrs. Ball belonged to the Democratic Women's club. Survivors include her husband, two daughters, Mrs. Dorothy Palmer, Goldendale, Wash.; and Mrs. Betty Martin, Twin Falls—sons, Lyle Ball, Jerome; one brother, George Palmer, and one sister, Mrs. Ruth Tipton, both Jerome, and five grandchildren. Funeral services will be conducted at 2 p.m. Saturday in the Wiley funeral chapel by the Rev. Wade Jernigan, Preswitt Baptist church. Friends may call at the chapel Friday and until time of service Saturday. Final rites will be held in the Jerome cemetery.

Blaine Bridge To Be Replaced

The old Adams gulch bridge across Dig Wood river, north of Ketchikan, will be replaced this fall by the U. S. Forest Service in cooperation with the Blaine county commissioners. The actual bridge erection will be done by the Blaine county commissioners. If the materials arrive before August 11, 1965, a \$7,000 contract was awarded by the forest service in August to Permaport Products, corporation, Hillsboro, Ore., for furnishing the bridge materials.

Burley Woman Is Cited in Crash

BURLEY, Sept. 16—Mrs. Hattie L. Richins, 65, route 1, Burley, was cited for failure to yield the right of way after a two-car accident at 4:15 p.m. Monday in the 1400-block of Albion avenue. Larry K. Powers, 22, 1658 Miller avenue, Burley, was driving a 1959 Plymouth south on Albion avenue as Mrs. Richins backed a 1961 Buick from a parking place in front of Albertson's into the right side of the Plymouth.

The Plymouth was owned by James Malt, route 2, Burley, and damage was estimated at \$90 to the right side. The left rear bumper of the Buick was damaged about \$5.

Burley police investigated.

Headquarters Planned for Wendell GOP

WENDELL, Sept. 16—An announcement was made at the Twin Falls City GOP Women's club meeting Monday that GOP headquarters will be located for the Nov. 2 election in the second hand store on South Idaho street. Mrs. D. J. Bradshaw offered to make and place a suitable sign in the window of the building.

Mrs. C. H. Brock reported plans for assistance with refreshments at the headquarters.

—Gooding County Young Re-

publicans will hold a free fish fry and picnic at 1 p.m. Sept. 27 in the Gooding city park. George Bradshaw, GOP candidate for second district congressman, will be featured speaker. Other area candidates for office also will be heard at this time.

TV TODAY

WEDNESDAY, SEPT. 16

6:30 p.m. NBC — "The Virginian" (Color, 6:30 p.m. NBC) — Left Erickson, Michael Forest, and Marietta Hartley are featured in "The Virginian" in which the Virginian reminisces about his arrival in town. Miss Hartley made her film debut a couple of years ago in "Ride the High Country," probably the only Hollywood western flicker to win an award at the Cannes Film Festival.

7:30 p.m. CBS — On the golf course, Rob-meets a handsome stranger and finds out during their conversation that, by great coincidence, he was once the beau of Rob's wife, Laura.

8:30 p.m. ABC — "Shindig" (Premier, 7:30 p.m. ABC) — This new variety program is a sort of nighttime version of "American Bandstand" and "Hootenanny" combined, with pop singers and comedy performers. Tonight's guests include the Everly brothers, Sam Cooke and Bobby Sherman.

9:30 p.m. ABC — "The Mickey Rooney Show" (Premier, 9 p.m. ABC) — Mickey Sherrin stars in a rundown hotel on the West coast in this half-hour comedy series.

10:30 p.m. CBS — "The Steve Allen Show" (10:30 p.m. CBS) — Phil Spector, still pushing-billing for vacationing Steve, greets teen-age singer Leslie Gore and comic Morey Amsterdam.

WEDNESDAY NIGHT MOVIES

"Fort Vengeance" (1953) — James Craig, Rita Moreno and Keith Larsen in a KUTV-TV Fairly good western with plenty of action involving a couple of brothers who join the Mounties. One doesn't know it, but the other is a killer.

"New Orleans Uncovered" (1955) — Arthur Franz and Beverly Garland (10:35 p.m. KCPX) — Violence on the New Orleans waterfront. The theme has been better presented in other films and so have Franz and Miss Garland.

Job's Daughters Open House Held in Declo

DECILO, Sept. 16.—Open house was held at the home of Mr. and Mrs. Edwin Miller for members of Job's Daughters, bethel No. 30, Rupert, and for the display of gifts received by Mrs. Olga Liah, while she was grand guardian of the International Order of Job's Daughters for the State of Idaho.

The hosts were assisted by Mr. and Mrs. Noel Moeller. Brenda Miller was in charge of the guest book and Mrs. Myrtle Clark, guardian of the bethel, and Joann Clark, honored queen, presided at the serving table.

Members of the Burley bethel No. 18 and the guardian council were special guests.

Earlier in the afternoon Mrs. Liah, Mrs. Clark, Mrs. Zula Gregory, Moeller and members of the Rupert bethel attended the sister service of the Burley bethel held at the Masonic temple, Burley.

Mrs. Liah has just returned from attending the supreme session of the International Order of Job's Daughters held in Denver. She served as chairman of the jewelry committee. She was appointed to the Ethel T. Mend Wick memorial fund committee for the coming year.

Mary Graves Gives Lesson At Club Meet

KING, HILLS, Sept. 16.—The first meeting of the fall season for the Home Improvement club was held at the home of Mrs. Robert Robertson. The lesson was, "Fun for the family," given by Mary Lee Graves, extension home economist.

Mrs. Robertson reported on the club's adopted daughter from the Idaho State Deaf and Blind school for a bill of \$10 for dental work. This was the last project of the club members.

A letter was read by Mrs. Robertson from Mrs. Jack Graham, Clappan, Ore., former club member.

A gift of cleaning aids was presented to Mrs. Graves from the members as a wedding gift. Mrs. Graves will be married Sept. 18.

The November meeting will be held at the home of Mrs. Karl Carnahan.

Refreshments were served by Mrs. Robertson and her mother, Mrs. Ruth Perkins.

National Guard Auxiliary Meets

Plans for a Halloween party were discussed at the National Guard auxiliary meeting held at the home of Mrs. Don Cryder. Mrs. John Gentry was elected secretary in place of Mrs. Elton Fessenden who has resigned.

The group voted to purchase some chairs for the new YM-YWCA building. Cards were played after the meeting. Refreshments were served by Mrs. Cryder.

The next meeting will be held Oct. 1 at the home of Mrs. Illus Russell, with Mrs. Fessenden and Mrs. Russell as hostesses.

WCS Circles Slate Meetings

FILED, Sept. 16.—The Women's Society of Christian Service circles will meet on Thursday.

Mrs. Gladys Caughey is hostess for the Martha circle at her home. Mrs. Roy Ellenwood will present the program.

Mrs. Fred Gardner will host the Good Fellowship circle meeting, with Mrs. W. A. Grieve in charge of the topic.

Ruth circle will meet at the home of Mrs. Frank Sikka. Mrs. Fred Reichert is co-hostess. Mrs. Jacob Folk will present a program entitled, "A new age opens new doors."

Party Held

DECILO, Sept. 16.—Pha girls went on a bicycle pedal party to Frenchman's island, six miles west and north of Declo, where they held a winner and marshall race.

Chariot Matthews, president, explained the FHA program and encouraged new girls to join the organization.

Mrs. John Graham, class advisor, accompanied the girls.

Guest-Speaker Starred for Annual Retreat

KIMBERLY, Sept. 16.—Mrs. V. W. Rowe, Omaha, Neb., will be the featured speaker at the Christian Women's fellowship annual retreat of the South Idaho Christian churches to be held Friday and Saturday at the Kimberly Christian church.

Mrs. Rowe is a member of the board of trustees of the United Christian Missionary society, the major agency of the Christian churches, with main offices in Indianapolis, Ind. In 1963 Mrs. Rowe was the only woman member of the board of trustees commission to Africa, which was asked to evaluate the work of the Christian churches there.

She is a member of the YWCA board, the United Community service board and is a former president of the Nebraska Convention of Christian churches.

She is chairman of the department of state development of the Christian churches in Nebraska and belongs to the PEO National Education organization for women.

The Rev. Harold E. Robbins, pastor of Jerome Christian church, will deliver the spiritual inspiration messages at the two-day gathering.

Mrs. W. R. Fletcher, Twin Falls, is state president of the Christian Women's fellowship. Mrs. Frank Marlier, Nampa, state president of the United Church Women, will lead the program at the luncheon Saturday, assisted by other state and local officers of UOW.

The next meeting will be at 7 a.m. Oct. 12 at the American Legion hall.

Meeting Held

SHOSHONE, Sept. 16.—An all-day work meeting was held at the local LDS church by the Relief society. Luncheon was served at noon by Mrs. Lawrence Sturgis.

The teacher's topic was presented by Mrs. Cecil Cope. Weekly Relief society meetings will be resumed in October.

MRS. F. W. ROWE

Golden Age Club Convenes

HAAGERMAN, Sept. 16.—A potluck picnic supper was held at the home of John Edgerton for the opening fall meeting of the Golden Age club.

Guests were Mr. and Mrs. Glen Journeay, Gooding, and Mr. and Mrs. R. C. Strom.

Edgerton showed slides of Obert, O., and Haagerman valley.

The next meeting will be at 7 a.m. Oct. 12 at the American Legion hall.

Port District Discussed at Pomona Meet

Members of the Twin Falls Pomona Grange heard Cecil Calhoun speak on the resolution concerning the oil depletion, port district and sales tax issues during their meeting Saturday in the Flier Grange hall.

The port district tax issue will be voted on during the November general election. Calhoun also reported on the resolution concerning the age limits of the members of the legislature and revealed the resolution asked for a definite compulsory retirement age.

Kenneth Poe informed the members the deadline to have their wheat allotments changed is Oct. 3.

A letter from the Associated Taxpayers of Idaho was read, giving facts on a sales tax for Idaho, and stated Grangers could subscribe to the publication giving information on taxes throughout Idaho for \$10.

Members were urged to read the editorials in their area newspapers as they quite often concerned matters pertinent to the farmer.

Officers were elected with Don Somers from the Twin Falls Grange selected to serve as president.

Grange was elected over: Mrs. Emma Dunlap, Flier, lecturer; Maurice Cunningham, Deep Creek, steward; Harold Atkins, Fairview, assistant steward; Mrs. Henry Lehman, Buhl, Corcoran; Mrs. Kenneth Poe, Twin Falls, Pomona; Mrs. Evert Wolfe, Lucerne, Flora; and Mrs. Harold Atkins, Fairview, India's assistant steward.

Members of the Fairview Grange will perform the installation ceremony sometime in October with all subordinate Granges invited to participate.

Members of the Fairview Grange served refreshments.

Seamen Needed

An urgent need for qualified civilian marine personnel was announced by the commander military sea transportation service of the Pacific area.

Employment is available for junior deck officers, able seamen, engineering officers, electricians, oilers, and firemen-water tenders.

Information as to qualifications may be obtained at the Twin Falls postoffice.

WINNERS OF HARMON International aviation trophies stand behind the awards after receiving them in a White House ceremony Monday. From left are Astronaut Leroy Gordon Cooper, who orbited Earth 22 times in a Mercury satellite; Mrs. Betty

Girl Wins Baking Contest With 'Peachesy Pie' Entry

MIAMI BEACH, Sept. 14 (AP)—A teen-age girl who traveled less than 100 miles to compete against the top 100 cooks in the land, was seated on a pink red throne today and presented \$25,000 for her winning entry of "peachesy pie."

Miss Janis Boykin, 17, Melbourne, Fla., was named the winner of the 19th annual grand national bakeoff.

Wearing a frilly pink party dress and alternately sobbing and laughing on Art Linkletter's shoulder, Janis said she would help pay off the mortgage on the family home with part of the money.

She is the daughter of Mr. and Mrs. B. C. Boykin and has five brothers ranging in age from four years to 29 years old, and a little sister four months old. Her father is a mechanic.

"I don't know what to say, I'm just so, so happy," she cried when presented the check by Mrs. Esther Peterson, President Johnson's special assistant on consumer affairs.

This year was the first time Janis entered the contest, and she became the first junior division entrant ever to win.

The winning pie blends the flavor of a spicy peach filling with a smooth cheese-custard topping and a golden crust highlighted with peach juice.

Skirts

PARIS, Sept. 15 (AP)—Cops in skirts appeared on Paris streets for the first time yesterday.

About 15 women are practicing with regular traffic policemen. If they prove they can make sense out of Paris traffic—not an easy task for anyone—they may go to work on a regular basis.

B. D. Pippitt's Last Rites Held

Funeral services were conducted Wednesday for Benjamin Doyle Pippitt, by Reynolds funeral chapel by the Rev. Ernest Hias.

Soloist was James O'Raynolds and organist was Mrs. John Birrell.

Palbearers were Milo Craig, David Lovelady, Boyd Forsling, Troy Dickard, Walter McInroy and Ralph E. Conner.

Concluding services were held at Sunset Memorial park.

Deed of probate sale—George T. Rogers estate to Loyd A. Lee.

64 Teacher Shortage in Idaho Acute

BOISE, Sept. 15 (Special)—A study conducted by the Idaho Education association of teacher turnover in Idaho for the 1964-65 school year shows an acute shortage of qualified teachers.

Wayne York, research director of the Idaho Education association, said that the questionnaires submitted to most of the school districts in the state produced evidence not only of a serious lack of replacements but of failures in some school districts to find teachers in some specialized curriculum areas.

Marshall, school district 303, with 82 per cent, had the highest teacher turnover in the state.

A complete return from the 108 high school operating districts revealed a turnover of 1,201 teachers; 65 teachers still to be hired one week before the beginning of school, and a teacher turnover of 16.6 per cent on a complete return of all high school districts in the state.

Returns from 11 local school districts are (1) for the number of 1963-64 teachers who did not return to their position in 1964-65; (2) the number of teachers still to be hired one week before the beginning of school; and (3) the per cent of teacher turnover for each school district.

Boise, 4.0, and 22.2 per cent; Dietrich, 5.0, and 22.2 per cent; Richfield, 1.0, and 8.3 per cent; Rupert, 2.0, and 18.4 per cent; Murfreesboro, 2.0, and 11.8 per cent; Twin Falls, 2.0, and 12.6 per cent; Buhl, 13.0, and 20 per cent; Piler, 8.0, and 11.9 per cent; Kimberly, 5.0, and 10.7 per cent; Haysden, 8.0, and 44.4 per cent; and Castleford, 1.0, and 13.3 per cent.

and Mrs. Joseph Wheeler to First Baptist church, Shoshone.

Deeds of trust filed by Mr. and Mrs. Louis L. Hubert to Twin Falls Title and Trust Co. for Lottie Pilger, widow; Mr. and Mrs. William D. McKay to First Security bank, Title and Trust company, trustee.

Deed of probate sale—George T. Rogers estate to Loyd A. Lee.

Fred Schoettger Mass Celebrated

GOODING, Sept. 15.—Mass for Fred A. Schoettger was celebrated at 10 a.m. Tuesday at St. Elizabeth's Catholic church by the Rev. Jerome O'Conner, Buhl.

Music was furnished by the St. Elizabeth's choir.

Active pallbearers were: John Junker, Chet Woyt, Vernon Murphy, Hal Locke, Dick Mason and Harley Crippen. Honorary pallbearers included J. G. Warrington, John Korner, John Decker, Fred Blank, Minard H. Metz, Jr., Dr. Adeline, Julius Schmitt, and Dr. S. T. Hendry.

Military flag folders from World War I barracks were Star Umphenour and Bert Weaver.

Last rites were held at Elmwood cemetery.

WBC Sets Worldwide Ban on Clay and Liston For Signing Fight Pact

VENICE, Italy, Sept. 16 (AP)—The World Boxing council imposed Tuesday night a virtual worldwide ban on champion Cassius Clay and former champion Sonny Liston stepping into the same ring to contest the world heavyweight championship. A communique issued following a WBC session here unanimously adopted disciplinary sanctions taken Monday against the two fighters and the Massachusetts Boxing commission by the World Boxing association.

Boxers to Fight for Clay's Lifted Crown

NEW YORK, Sept. 16 (AP)—The scheduled fight between Doug Jones of New York and George Chuvalo of Toronto on Oct. 2 now is being billed as a heavyweight elimination bout and has been changed from 10 to 12 rounds, Madison Square Garden managing director Harry Markson announced Tuesday. The new billing was approved by Tony Petrolcelli, chairman of the rating committee of the World Boxing council.

Jackson Wins 20th as Cubs Dump Reds

CHICAGO, Sept. 16 (AP)—Larry Jackson became the 20th major league winner in the major leagues this season, hurling the Chicago Cubs to a 6-1 victory over the Cincinnati Reds Tuesday.

The Reds, their slim pennant chances gradually fading, had the 35-year-old right-hander on the ropes in the first two innings, but Jackson escaped yielding one run and three hits in the first inning and a leadoff double in the second without a score.

A meager crowd of 904 saw Jackson yield six hits in becoming a 20-game winner for the first time in his 10-year major league career. He won 28 in the minors with Fresno in 1953.

The Reds' top four candidates were 1. Ernie Terrell, Chicago; 2. Cleveland Williams, Houston; 3. Floyd Patterson, Boston; 4. Jim Lefebvre, New York.

The WBA's top four candidates were 1. Ernie Terrell, Chicago; 2. Cleveland Williams, Houston; 3. Floyd Patterson, Boston; 4. Jim Lefebvre, New York.

Phillies to Sell Series Tickets

PHILADELPHIA, Sept. 16 (AP)—The Philadelphia Phillies, National League leaders, announced Tuesday night they will accept world series ticket applications beginning at 12:01 a.m. Sept. 23.

An announcement said that applications received before Sept. 23 or those which do not conform to the instructions issued will not be accepted.

The Phillies said they have limited the sale of tickets to sets of two each, with one fan set aside for the wife or child.

The Phillies said they have limited the sale of tickets to sets of two each, with one fan set aside for the wife or child.

Two Split Honors In Amateur Tourney

CLEVELAND, Sept. 16 (AP)—A pair of young men from the sunny South with only dadn for the rain and cold, Marvin Giles III, Lynchburg, Va., and Bob Greenwood, Cookeville, Tenn., tied for the low medal Tuesday with a 36-hole score of 143 in qualifying for the national amateur golf championship.

Twins Topple Loop-Leading Orioles 2-1

BALTIMORE, Sept. 16 (AP)—Rich Rollins, whose double tied the score in the seventh, tripled home the tie-breaking run in the ninth as the Minnesota Twins dealt the American League-leading Baltimore Orioles a stinging 2-1 defeat Tuesday night.

The game-winning hit came off Harvey Haddix, the third of four Baltimore pitchers. Minnieola used six pitchers, with Bill Fleck the winner.

A playoff at 153 or 154 was necessary to whittle the original 150 down to size.

Giles, 21, a strapping six-footer who attends the University of Georgia, went to the front early in the day, becoming the first to break the Canterbury club par with a one-under 70 in chilly, wintry rain.

This gave him a total of 143, one over par, which stood for hours until Greenwood, 25, a North Texas State graduate, came in with a 72 on top of the 71, which had tied him for the first round lead.

Defending champion Deane Beman, a two-time winner, was among those who qualified easily. The diminutive insurance man from Bethesda, Md., shot 74-75-140.

Only two other players in addition to Giles were able to beat the tough 35-35-71 par of the 10,000-yard Canterbury course, a feat of two national opens.

Gerald Lee Schreiber, 25, who on the two-day line by a tiny margin, shot 71-72-143, tied for 14th place.
